

1. How to get by from the International Airport

At the Tancredo Neves International Airport, in Confins, there is an airport bus service called Conexão Aeroporto. The lines go to Pampulha Airport, which is very close to the university, and to the City Center – with stops at the Central Bus Station and at Avenida Álvares Cabral.

You can take the bus, in the Line called Terminal Rodoviário - Paradora (Central Bus Station), you can get off at the stop in front of UFMG, or at the Pampulha airport (which is open 24 hours) or at the city center. Where you get off will depend on the place closest to your accommodation. The ticket costs approximately R\$15,00.

ATTENTION! At specific hours, indicated at the ticket booth, the line has a different route to the same destination (city center), but passing by Avenida Cristiano Machado. If you take this route you will NOT be able to get to the university or Aeroporto da Pampulha. Make sure to ask for information when you are buying the ticket.

Another option is to take a taxi, the fare route from the International Airport to the city center is approximately, R\$150.00, and to UFMG, approximately R\$120.00.
